

FLEX-FIT

88FFX4D CLIMBING BELT

Bashlin's 88FFX4D *FLEX-FIT* 4 D-Ring Climbing Belt allows the worker to easily adjust both upper and lower sets of D-Rings for a custom fit. This unique dual semi-float design allows both the upper and lower set of D-rings to move freely to improve comfort.

The innovative *FLEX-FIT* design allows this belt to be adjusted to fit three different D-sizes to maintain proper fit without sacrificing comfort. This adjustability lets the user quickly adjust the belt to accommodate heavier clothing in inclement weather or for changes in the user's weight over time.

The Bashlin 88FFX4D *FLEX-FIT* 4 D-Ring Climbing Belt is available with our standard padded leather comfort cushion or our new "Hybrid" cushion. The hybrid cushion has a soft leather outer shell and a padded nylon mesh interior cushion.

No. 88FFX4DMP Hybrid Mesh Cushion Wt. 7.0 lb.
 No. 88FFX4DCC Leather Comfort Cushion Wt. 7.5 lb.

No. 88FFX4DCC

FLEX-FIT

88FFX4D CLIMBING BELT

ADJUSTING THE 88FFX4D FLEX-FIT CLIMBING BELT

Find the two quick-adjusting polymer coated buckles on the back right side of the belt. The top D-saddle adjuster is located under the right tool loops and the bottom D-saddle adjuster is neatly stowed inside the leather pouch.

The D-size can be increased or decreased by lifting the finger tab on the adjuster and pulling on the saddle webbing in the desired direction. Size markings located on the belt body can be used as a reference when adjusting D-size. Once adjustments have been made, users should check the fit by taking a few steps up and down the pole. Pinching and discomfort can be a sign of improper adjustment. Repeat the previous steps if further adjustment is necessary.

25AF AND 25AMF2 SERIES NUT AND BOLT BAGS

These durable canvas nut and bolt bags have all the same features as our popular 25A and 25AM2 nut and bolt bags. The bags can be easily attached or removed from the 88FFX4D series tool belt with two small snap hooks.

No. 25AF	Nut and Bolt Bag	Wt. 0.7 lb.
No. 25AMF2	Nut and Bolt Bag with Magnet	Wt. 1.0 lb.

No. 25AF

No. 25AMF2

111F SERIES TOOL HOLSTERS

111F series tool holsters are built using the same great quality design and versatility as our standard Bashlin tool holsters. These holsters have two snap hooks for quick and easy attachment or removal from the 88FFX4D series tool belts.

No. 111FLSX	4 Pocket Holster	Wt. 1.25 lb.
No. 111FLEX	4 Pocket Holster with Knife Sheath	Wt. 1.50 lb.
No. 111FLDSX	5 Pocket Holster	Wt. 1.50 lb.
No. 111FLDSXE	5 Pocket Holster with Knife Sheath	Wt. 1.75 lb.

No. 111FLDSX

****Most standard nut and bolt bags and holsters are compatible with the 88FFX4D series belts as well****
