BASHLINPATRIOT™

IMPROVED FOR 2017

BIGGER HANDLES ARE EASIER TO GRIP.

HARDENED INNER ROPE ROLLERS ARE DURABLE AND ALLOW GREATER MOBILITY ON THE POLE.

NEW ROPE CLAMP ALLOWS POLE ROPE REPLACEMENT IN THE FIELD.

As a result of independent testing the Patriot has been classified as “Ergonomist Approved”.

It's 3.5 lb. weight is less than the 4lb. weight threshold determined by ergonomist studies to cause damaging repetitive motion strains.

The Patriot reduces stress on the arms and shoulders and potential repetitive strain injuries caused by climbing with other Fall Restraint Devices.
